TERMS AND DIRECTIONS FOR ORDERING

Prices Subject to Change Without Notice

Terms: Cash with order or one-fourth cash and balance C. O. D. or before shipment.

Shipping: We ship by freight and express over the Erie, Penn. and B. & O. Railroads which connect with lines to any point in the U. S. We also have truck lines running in all directions. If your shipping point has no agent please add to your remittance to cover freight charges, as it is necessary to prepay to such points.

Parcel Post: We consider parcel post the best way to send all small shipments unless they contain something which cannot be sent through the mails, such as poison spray materials. Parcel Post is delivered right to your mail box.

Errors: Please notify us at once on receipt of goods of any errors, and they will be cheerfully corrected. No claims for errors will be allowed unless made promptly.

Substitutes: We reserve the right to substitute a variety as near like the one ordered as possible, in case we become sold out of the one ordered, unless the order is marked "No Substitute."

We Guarantee safe arrival by parcel post and will supply the necessary documents so that our customers may put in claims against the carrier for any damage or loss of shipments made by express or freight.

We Guarantee our seeds to grow under favorable circumstances. Since there are so many conditions upon which the crop depends, we give no warranty, expressed or implied, as to description, quality, or productiveness of any seeds, bulbs, plants or trees we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned and the money paid will be refunded cheerfully. Should any seeds, plants or trees sold by us prove untrue to name, we will, upon proper proof, refill the order or refund the money paid for them. In no case shall we be liable for any sum greater than that originally received for the seeds that proved untrue.

Should you have occasion to enter a complaint, give date of planting, condition of soil and weather, amount and variety ordered, number of order, stock number appearing on the package and amount paid for same.

EVERY ONE Should Keep a Copy of His Orders. Should There Be Any Mistake Made, It Will Be Known Just What It Is, and May Save Unpleasantness.
